Finish					5

Bonus BE2 Call Front Turn R/L

Tie break BE7 Sit Leave Dog Turn & Down Statics: OK

Exercise 5 is using the Hoop option
If you are using a tripod please pull back on a 45 degree line

NOTE: Please lay 5B and 6 as shown, they will not impinge on the warm up area as the exercise signs are shown larger than in real life

As this is the first event after the introduction of the hoop option, handlers may, if need be, use an alternative such as 2 upright poles placed the correct distance apart or build a temporary hoop to the dimensions in the regulations. If you are not using a standard baseless or based Hoopers style Hoop please submit a photograph for approval.
