Tie-break	*BE9*	Sit Leave Dog - Turn & Stand						

This course is performed off lead and contains two of the planned new framework exercises.
These are placed in a Reward in Place zone. Handlers may touch/food reward the 2 stands for exercise 6 once their dog has established a stand and they may reward the dog completing the twist for exercise 7. The dog should be rewarded in situ without affecting the flow of the exercise.
OR the handler may mark the 2nd stand and/or completion of the twist then step away for a short play reward, returning to that sign to heel forward.

F-11 - Twist R/L At Heel
While heeling the handler pauses and cues the dog to perform a 360 degree turn to the right or left by the handler's side. The dog must be allowed to regain the heel position before the handler and dog heel forward.

L2-09 - Stand Send Around Stand
As the handler and dog stop, the handler cues the dog to remain standing at heel. Once the dog is established in a stand, the handler then sends the dog clockwise around behind them to stand at heel. This exercise ends in a static position.
