12	7	About Turn Right			0
13	25	270 Left			0
14	--	Handler's Choice C			1
Finish					6
		Reward Opportunity			

Notes:
Rewards may be left in the reward area or carried in a pocket - NO TREAT POUCHES/BUM BAGS PLEASE
There is no bonus - extra marks will be awarded for teams making effective use of the reward opportunities
The course may be performed on or off lead at the handler's choice
(for the Hoop exercise the handler may remove the lead before performing exercise 5 and reattach once the dog is sitting at Exercise 6 before performing the send around OR they may pass the lead through the hoop as the dog passes through
Hoop alternatives should be preapproved with Rally Online before submitting your round for judging

Handlers Choice A (Catchup) - the handler stops and immediately either:
sends their dog around them to the right, as soon as the dog clears their path they should move forwards ...
OR asks their dog for a twist/spin alongside as soon as they dog is committed to the movement they move forwards ...
... so the dog speeds up to rejoin the handler in heelwork

Handler's Choice B (Static Walk Around) - the handler stops with their dog in the static (Sit, Stand, Down) of their choice, cues them to wait. and walks around them as in Exercises 23, 24, 52 and 53). The handler may reward in place before AND after the walk around.

Handler's Choice C (Static to Fast Pace) - the handler stops with their dog in the static (Sit, Stand, Down) of their choice. Once the static position is established they call their dog to heel and move forward together in FAST pace
