RallyOnline Group

What's the virtual walkthrough ?

Shortly after entries open there is always an online virtual walkthrough.. .this is when the Chief Rally Steward and most of the Judges will be online – in the ROL handlers group on Facebook, and the CRS will be monitoring the ROL email .... Where questions can be asked /directed to the relevant Judge about a course/class.

Handlers are not required to attend the virtual walkthrough. Questions can be asked at other times while entries are open, but replies may take longer as we can't expect volunteers to be available 24/7 for the two weeks the event is open.

Please be polite, check course plans and notes beforehand.... If anyone wants to ask something privately, that's fine too – email admin@rallyonline.org or message Sally on social media and she'll pass on to the judge.
